- Dr. Visits

Wristband hand dispenser

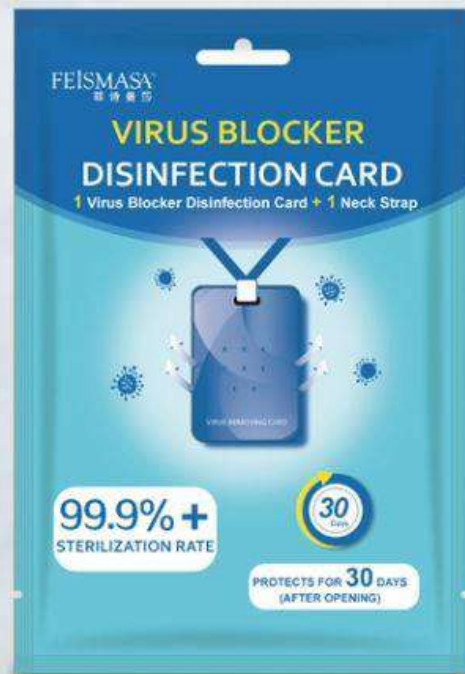

Sanitizer Holder AS001

Disinfection

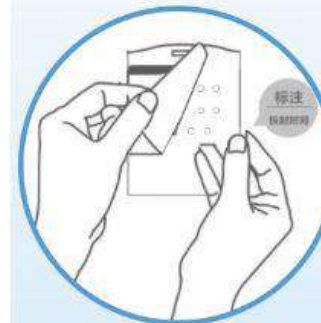

Virus Blocker Disinfection Card

Space sterilization · Carry around

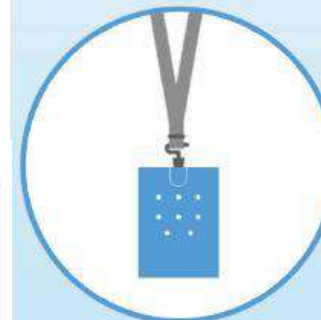

- ✓ Efficient sterilization
- ✓ Long-term stability
- ✓ Protect the family health

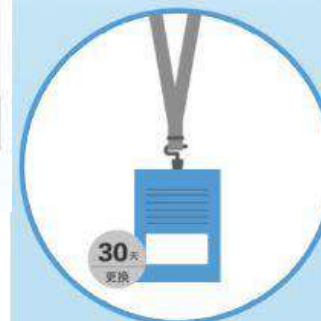

HOW TO USE

Step 1: Tear off the aluminum film outer sealing bag, take out the product with the air holes facing outward, and mark the unpacking time on the back

Step 2: Install the attached lanyard on the top of the space sterilization bag and hang it on your chest. You can also use it on the classroom / desktop, or use your own clips on clothes and backpacks.

Step 3: After unpacking for 30 days, you need to replace one piece.
